WELLNESS TIP OF THE WEEK
Brought to you by HealthSource of Wicker Park
According to the National Safety Council, there are over 25,000 slip and falls due to wintery, icy conditions DAILY. Here are some tips to help if you take a tumble. 1. Make sure your shoes/boots have good traction. 2. When carrying bags/purses, try to use both shoulders or evenly distribute the weight on both sides of your body. 3. When walking up/down stairs, always hold the handrail and go slowly. 4. While walking, contract your core, so that if you slip, your chances of catching yourself from falling are much higher. 5. If you do fall, icing the area that hit the ground within the first 6 hours is most beneficial. 6. If pain persists for more than 72 hours, then come see your local chiropractor!

FAST TRACK BUSINESS SIGNS
Mayor’s office announced a new Fast-Track Business Signs Initiative which will allow businesses to apply for on-premise signs at the same time as their business license. “Small business owners are the beating heart of our communities,” said BACP Commissioner Rosa Escareno. “Now, new entrepreneurs will not have to come downtown for business license consultations, online license application
assistance and license readiness support. This means less time spent on applications, quicker license issuance and more successful businesses."
